CBMI CONSTRUCTION

Sinoma 中材建设有限公司
中国中材 CBMI Construction Co., Ltd.

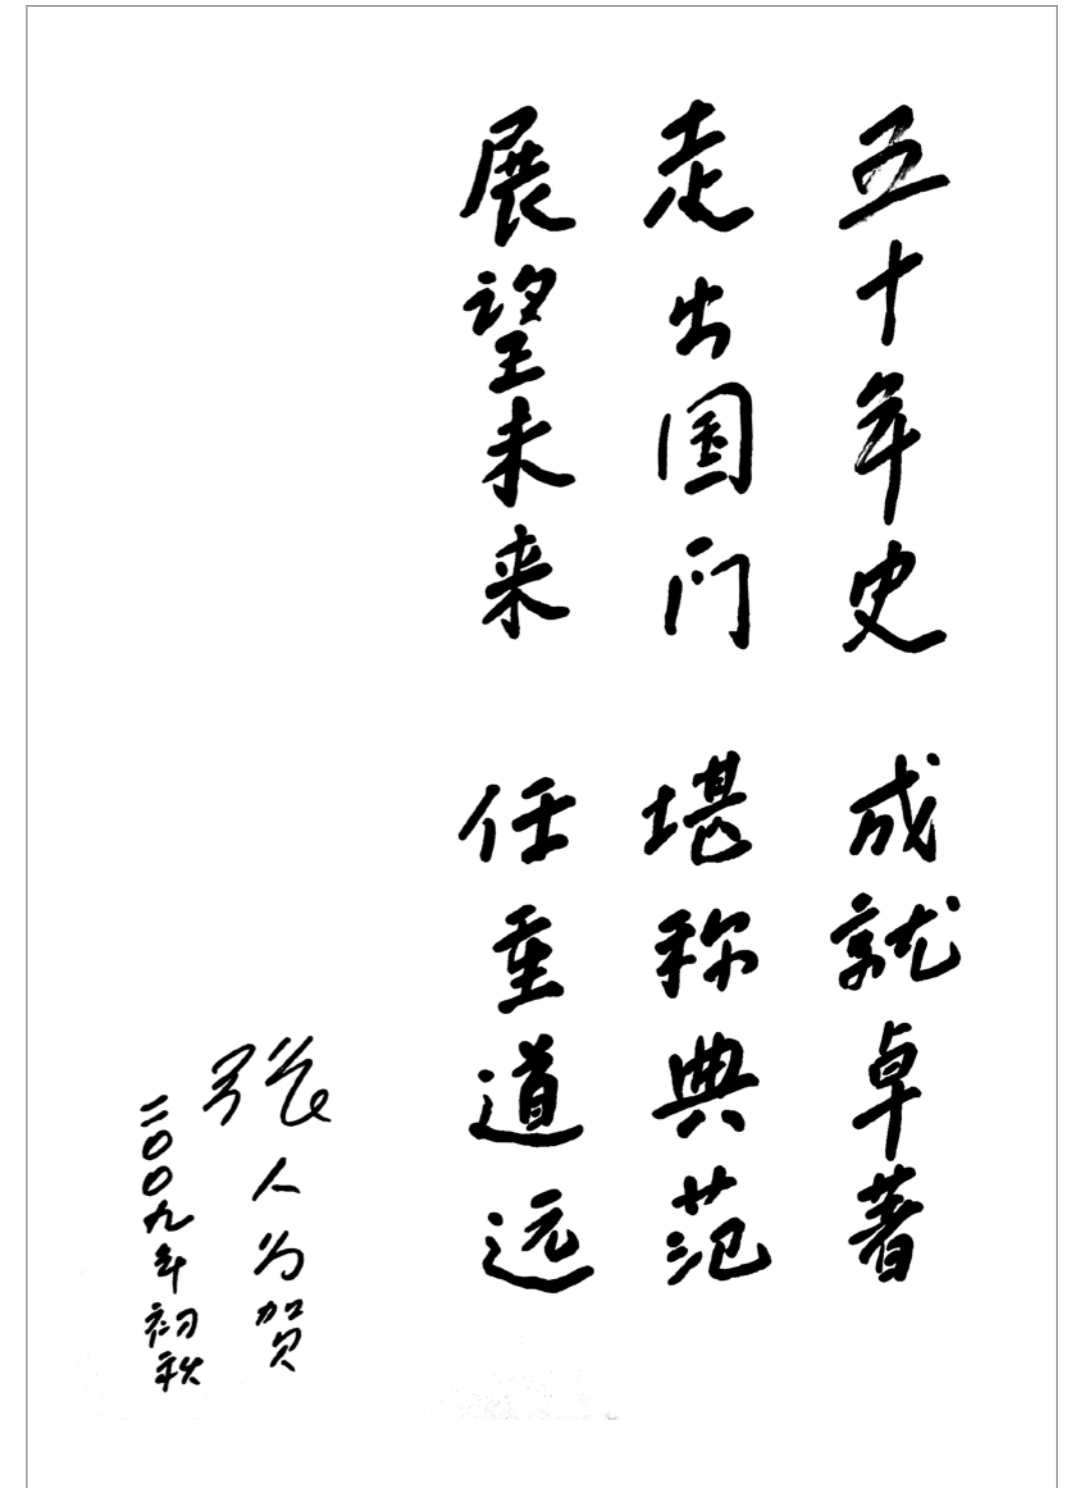

您看到的是全球水泥建设工业史瞬间的缩影

What you see is the miniature of global cement engineering industry.

序言 Preface

水泥被称为“建筑的粮食”，距今发展约三百年历史，尤其近三十年中发展迅速。目前全球水泥年产量约30亿吨，其中过半产量在中国，全球50%以上生产线由中国人建设，中国已成为名副其实的水泥大国和强国，几代中材建设人见证了这一辉煌历程，也为此献出了全部的精神、智慧和汗水。

Cement, also known as the “food for buildings”, has a history of about 300 years. In particular in the past 3 decades, cement industry has been developing rapidly. Now the world cement production hits 3 billion tons per year, almost half of which is made in China and more than 50% of global cement production lines are constructed by the Chinese people. China is a really strong country in cement industry and several generations of CBMI people have witnessed the glorious history and dedicated all their efforts, wisdom and sweat to the cement industry.

中国建筑材料联合会会长张人为为公司成立50周年题词
Chairman Zhang Renwei of China Building Materials Federation wrote an inscription for the 50th anniversary of CBMI.

董事长致辞:

我们中材建设, 乐于融入全球社会, 善于广交各界朋友, 勇于承担社会责任。
我们中材建设, 坚持“建造质量优良、环境优美的水泥工厂, 不仅使朋友们的工作更有效益, 而且使他们的生活更有乐趣”。
我们中材建设, 始终以“知成并重, 务实创新、诚信为本”作为核心理念, 秉承“天天创业、事事认真”的企业精神, 竭诚为客户服务。

Message from the Chairman:

CBMI is ready to integrate into global community, make friends with people from all walks of life, and take our social responsibilities.
CBMI works hard to “build the cement plant with wonderful environment that produces quality products so as to ensure efficiency of our employees and bring fun to their life”.
CBMI follows the core philosophy of “focusing on both process and success, working in a practical and innovative way, and emphasizing on integrity. By fulfilling the corporate spirit of “diligence and dedication”, we are dedicated to serving our clients in the wholeheartedly.

概 况

功能齐全

中材建设提供的总承包服务，可针对不同客户需求及环境特点，主要在包括日产850至1万吨各种规模的水泥生产线在内的各类建设工程的工程咨询、设计研发、设备制造和成套、土建安装、设备调试和售后服务等方面，为客户提供EPC、EP等模式的全程的个性化“总承包”综合服务。其设计、制造、供货和工程建设等服务严格按照美国机械工业协会ASME标准、美国ANSI国家标准、英国BS国家标准、德国DIN国家标准、日本JIS工业标准等进行质量控制。

Complete functions

CBMI supplies “Turn-key project service”, targeted at individual client’s demands, nonstop personalized services of EPC or EP models are provided concerning construction project services including engineering consultation, design research & development, equipment manufacture, civil, erection, commissioning operations and after-sale service for cement production lines with daily capacity ranging from 850 to 10,000 tons. The design, manufacture, good supply and construction of project execution stringently comply with standards of ASME, ANSI, BS, DIN, and JIS to control the quality.

项目策划与融资 Project Planning and Financing

中材建设依托上市公司中材国际以及中国银行、交通银行、建设银行、汇丰银行等银行近100亿元人民币规模的综合授信，有较强的融资实力。

CBMI depends on SINOMA and Bank of China, Bank of Communication, Bank of Construction, HSBC and so on to credit line of RMB 10 billion in total. The ability of financing is strong.

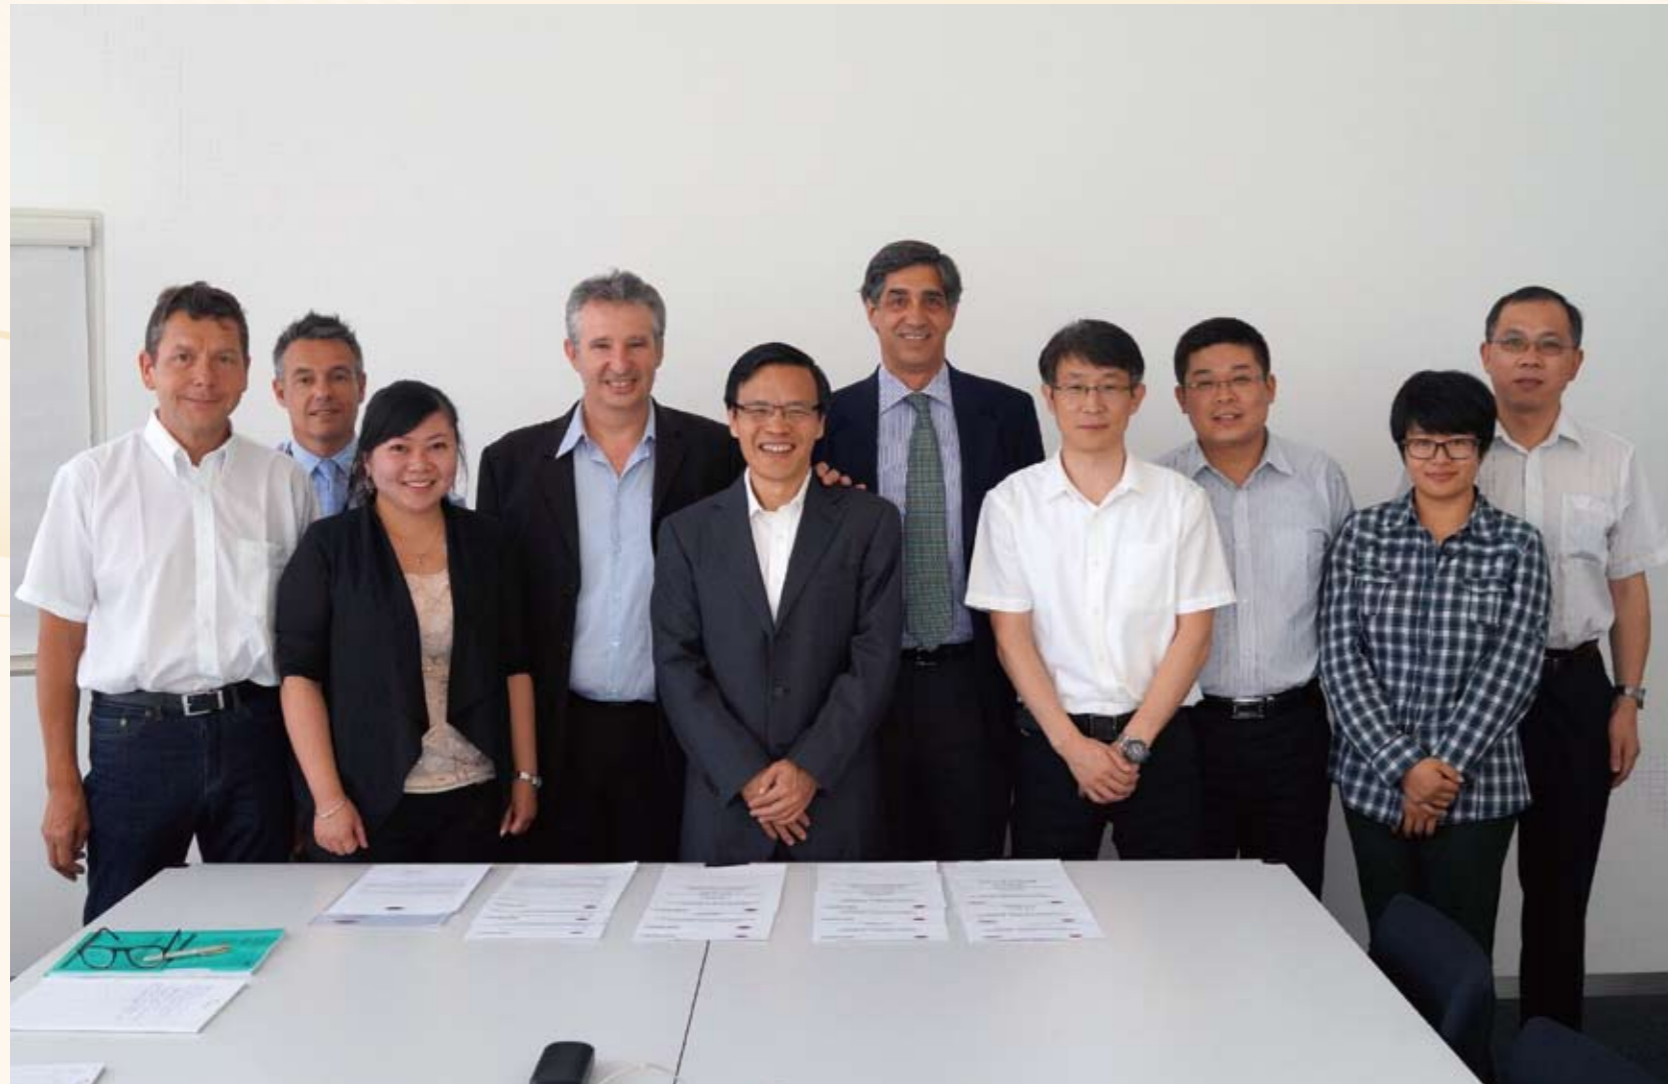

市场开拓

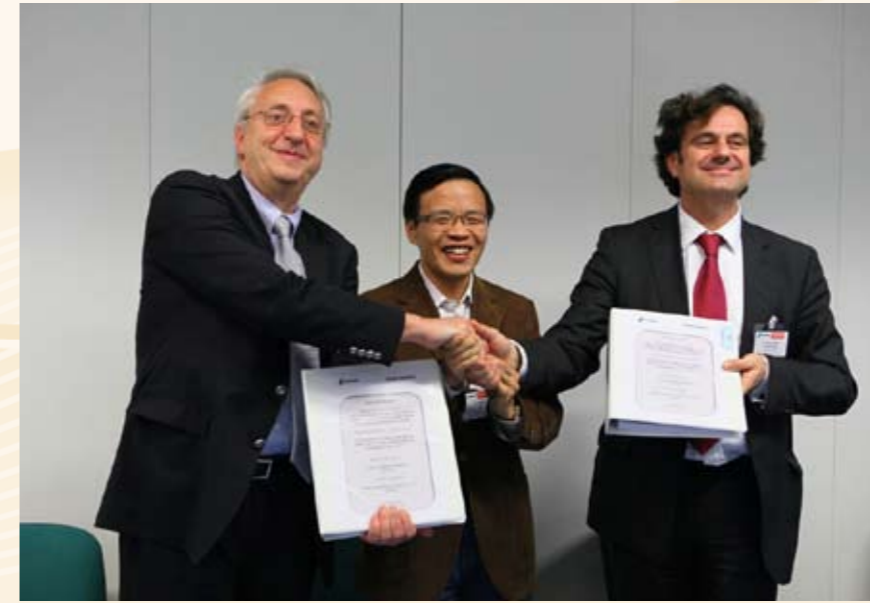

中材建设在国内外水泥市场上的影响力日益增强，尤其是在国际市场上占据着重要地位。截止到2014年初，公司承接的工程项目已经遍布亚洲、欧洲、非洲、南美洲的多个国家和地区，合同订单逐年增长。中材建设已成为国内外水泥行业首屈一指的领头羊。

Market Expansion

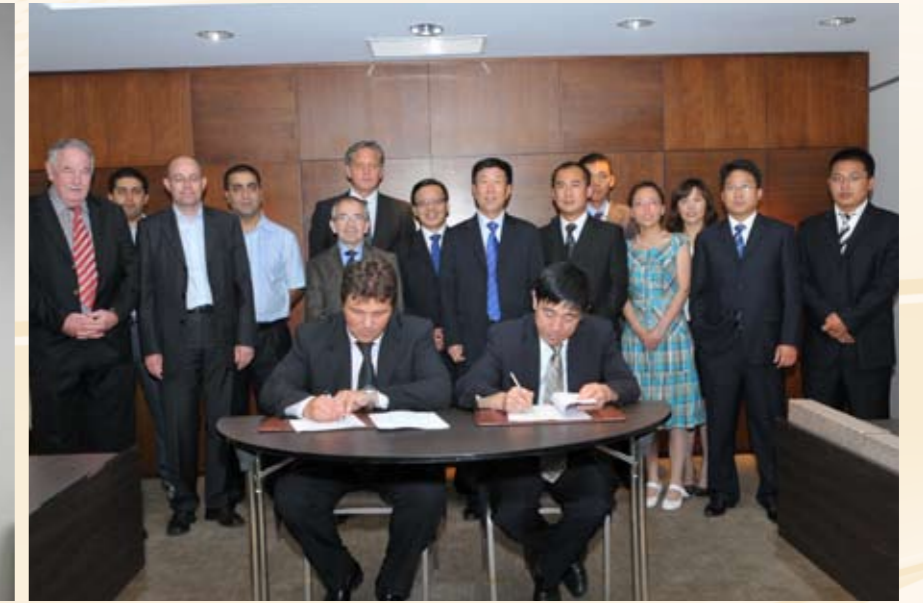

CBMI is exerting an increasingly powerful influence in both domestic and overseas cement market, and takes an important position in the global market. By the early 2014, the Company has contracted projects in many countries and regions in Asia, Europe, Africa and South America, with year-by-year growth of contract orders. CBMI has become a supreme leader in the domestic and overseas cement industry.

多元化发展

在积极开拓水泥工程市场的同时，中材建设实施多元化发展战略。近几年来，公司在新业务领域进行积极探索，不断加大资源投入，成立了业务拓展部，推行多元化发展，取得了一定的进展。

Diversified Development

At the same time of the positive development of cement engineering market, CBMI implements diversified development strategy. In recent years, the company actively has explored the new business areas, continued to increase investment in resources, set up business development, and carried out the implementation of diversified development, has made some progress.

钢结构工程 Steel Structure

中材建设有限公司在钢结构设计、制造及安装方面经验丰富，并且拥有先进的制造基地、生产设备、设计能力以及便利的海港运输条件。先后承建了珠海横琴高级人才公寓项目（钢结构框架、ALC墙板结构）、马来西亚槟城钢厂钢结构制造与安装、北京第一机床厂搬迁、唐山大陆海鲜城等项目。除此之外，公司主营业务水泥厂的钢结构均是由我公司自主设计，制造及安装。

With advanced manufacture bases, production facilities and design capability as well as convenient transportation condition of seaport, CBMI has accumulated rich experiences in design, manufacture and installation of steel structure by undertaking a number of steel structure projects such as Zhuhai Hengqin Advanced Talent Apartment Project (using steel framework and ALC slab), Malaysia Penang Steel Plant Manufacture and Installation Project, Beijing No. 1 Machine Tools New Plant Project, Tangshan Dalu Seafood City Project, etc. In addition, the steel structures for the Company's major cement plants are all independently designed, manufactured, and installed by us.

展 望

进入21世纪，世界水泥及其装备市场近20年的平静被以中国为首的，包括美国、印度和中东产油国在内的水泥工业骤然升温所打破，世界水泥消费量5年内猛增40%，经历了30多年成长的新型干法水泥生产技术大有用武之地，大型整套装备总承包工程，市场前景广阔。掌握着新型干法技术又有着大项目建设丰富阅历的中材建设，市场前景不可估量。今天的中材建设人，已经把目光聚焦非洲和拉丁美洲、沿地中海周边国家、东欧和远东前苏联等工业建设热点地区，以现代化国际化工程总承包企业形象，续写着新的历史篇章。

Outlook

In the 21st century, the approximate 20-year silence of the global cement and its equipment market have been broken by the sudden warming of cement industry headed by China. In the markets of America, India and the Middle East oil-producing countries, the global cement consumption increased by 40% within 5 years, the new dry process cement production technology which went through 30-year growth have largely important applications. There are great potential in the large-scale complete set of equipment turnkey project. With the new dry process technology and abundant experiences towards large projects, CBMI's market prospect is inestimable. Today the CBMI has focused its sight on the hot-spot districts of the industrial construction like Africa, Latin America, countries along the Mediterranean Sea, Eastern Europe and the Far East and former Soviet Union. By virtue of its modernization internationalization Turnkey corporate image, it continues to write the new historical chapter.
